Kimchi

Kimchi, the staple Korean food, was named as one of the world's five healthiest foods by Health Magazine in the United States recently.

Korea's favourite spicy cabbage side dish which is served at every meal is loaded with vitamins A,B and C but its biggest benefit is the 'healthy bacteria' called lactobacilli found in fermented foods like kimchi and yoghurt. This good bacteria helps with digestion, plus it seems to help stop and even prevent yeast infections and contains compounds that may prevent the growth of cancer.

Mt. Bukhan National Park & Sauna

Mt. Bukhan National Park is so close to Seoul that more than 10 million people visit every year, and is the ideal place to hike and take a break escaping out of hectic city life. The park was designated as 15th national park in Korea, on the 2nd April 1983. It spans an area of 79.916km² including the adjacent Dobongsan. This national park covers two administrative districts Seoul and Gyeonggi-do province. There are not many rare species of animals and flora in the park compared to other national parks of the country since it is entirely surrounded by cities, but it is considered the “green lung” of Seoul providing fresh air and natural resting areas for millions of citizens who live around this area.

Sukjeongmun Gate

Of the 4 Great Gates(Sukjeongmun, Namdaemun, Dongdaemun, and Seodaemun), established by the Emperor of 1396, Sukjeongmun is called the north gate. Located to the north of Seoul, this gate, with Gyeongbokgung Palace in the center and Changaemun (Jahamun) to the right, make up the wings of the north gate. Due to the possible danger of the area being damaged from all the pedestrians, the Emperor of 1413 planted pine trees and prohibited passing this area. Henceforth, Sukjeongmun became a scenic walkway until the North Korean Communist infiltration of 1968, which prohibited the passing of all civilians. The reopening of Sukjeongmun in April of 2006 has led to the opening of Bukak Mountain in April of 2007 and is in the process of dividing it into 3 courses. Bukak Mountain has been kept well-preserved due to a long period of restriction in this area, and if you climb the mountain, you will be able to see all of Seoul in one breath.

北岳山肅靖門

太祖5年(1396)建設の肅靖門、は韓国四大門—肅靖門、南大門、東大門、西大門之一、被称为北門。肅靖門位于首尔的正北方，以景福宮为中心，与右边的彰义門（紫霞門）相互照应，仿佛两个翅膀。若是人们在此活动可能会破坏龙脉，国家可能处于危机，于此太宗13年(1413)在此种下松树，禁止通行。之后肅靖門被当作是散步路径，以1968年的朝鲜武装共匪侵入事件为机，肅靖門成为禁区。2006年4月，政府计划开放北岳山一带的首尔城郭，于是肅靖門重新开放，2007年4月又开放了北岳山，并分为3个探访路线。多年禁止通行的北岳山，自然环境保存完好，在山上可以将首尔全景尽收眼底

ナンタは、初めて韓国で誕生した臺詞のない舞台で、伝統的な舞踊「サムルノリ」や、西洋のダンスを取り入れて作られました。ポット、フライパン、お皿など、音がでるものは何でも使うコメディです。言葉がなくても十二分に楽しめる舞台です。

乱打専用劇場

“乱打”曾在世界表演艺术界“爱丁堡国际音乐节”中一打红，是以韩国传统四物游戏（韩国传统打击乐）节奏为主创作的戏剧作品，是韩国首部无言剧。乱打之意取自拳击比赛中的乱打。故事以厨房为背景舞台，4名厨师和1名服务员出场，表现在制作婚宴菜肴过程中的热闹场景。他们用各种厨房用品，如铝锅平底锅碟子等如敲锣打鼓一般，有节奏地敲打，别具特色，无论男女老少都很喜欢。

Night Han River Cruise

Hangang River Ferry Cruise is one of the best ways to enjoy the scenery around the Hangang River, which flows through the heart of Seoul. On the cruise, you can see Hangang River's beautiful scenery, various small islands, Jeoldusan Park, 63 Square, N Seoul Tower, Jamsil's Sports Complex, and other famous tourist spots.

For couples touring Seoul together, we recommend riding on the Hangang River Ferry Cruise for a romantic experience. The cruise has been introduced in many Korean dramas and variety programs as a lovely way to see the city at night.

Seoul takes on a new appearance when seen at night from the Hangang River Ferry Cruise. The many city lights of buildings and bridges reflect off the water for a stunning panorama. Your spirit will soar with the cool river breeze! The cruises have different themes for each trip, with each cruise being an experience in and of itself. Depending on which cruise you take, you can enjoy the view with music or over a cocktail with friends.

Deoksu Palace

Deoksu palace is located right next to 'the Seoul City Hall' and the smallest one among many palaces in Seoul, so it's the place that office workers enjoy their free time after lunch.

Deoksu Palace looks smaller and unpopular than other palaces, but they are sharing our recent history (1897 ~ 1910), the name is 'Korean empire period'. That's why Deoksu Palace looks different from the other one such as 'Gyeongbok Palace', 'Changduck palace' and etc. The western style building called 'Seokjojeon Hall (built of stone)' reminds us of Greek temple. In the night, Deoksu Palace invites you to a striking view of the harmony of Western and traditional Joseon architecture with splendid illuminations.

Mt. Seorak

Also called as Mt. Seolsan and Mt. Seolbongsan, the mountains were named Seorak because the snow would not melt for a long period of time and its rocks stay white like snow. In August 1982, it was designated as a Biosphere preservation District by UNESCO. If you visit this mountain anytime, you will not breathe due to the beautiful scenery embroidered with fantastic rock formations and superb forests.

Shinhung Temple

Originally, Shinhung Temple was the subordinate temple of Geonbongsa. However, in 197, it was named the main temple of the 3rd district of the Korea Buddhist Jogye order. Currently, there are 20 subordinate temples under Shinhungsa.

Naksan Temple

Naksan Temple is located 4 km north of Naksan Beach, and has a history of 1,300 years. It is a temple built by Ui-Sang, the ambassador of the 30th King of Silla Period (BC 57~AD 935), and inside there is the Seven Floor Stone Tower, Dongjong, Hongyaemun.

雪岳山

雪山（ソルサン）又は、雪峰山（ソルボンサン）とも呼ばれています。積もった雪が長い間溶けることもなく、また、岩が雪のように白いため、雪岳と呼ばれてきました。1965年11月に雪岳山国立公園、雪岳山一帯が天然記念物保護区域に指定されました。1982年8月には、ユネスコの生物圏保存地域に指定されました。

雪岳山国立公園

雪岳山位于韩国江原道束草市、麟蹄郡、襄阳郡的交界处，是太白山脉的最高峰，被韩国人称之为“韩国的阿尔卑斯山”。山顶因一年内有近半年的时间被白雪所覆盖，故名“雪岳”。此山山势巍峨，山石嶙峋，山梁两侧为万丈深渊，十分陡峭。主峰大青峰海拔1708米。雪岳山可分为外雪岳，内雪岳和南雪岳。外雪岳地区有充满神话传说的“蔚山岩”、“卧仙岩”、“飞仙台”“鬼面岩”、“金刚窟”等风景区。

The JSA resembles a square measuring about 800 meters in diameter. After the Armistice Agreement was signed, the JSA became a neutral location where the guards from both sides were allowed to move about freely. The JSA is a venue for exchanges and negotiations between the North and South. All kinds of political and economic issue, cultural conferences and Red Cross meetings are held in the JSA.

Let's learn the noble spirit of Korean Buddhism through the travel.

Buddhism and Confucianism have been more influential than any other religion on the life of Korean people and over half of the country's listed heritage is related with the two religions.

In this tour, you will visit the 'Jogyesa temple', and 'Bongeunsa temple' which are the one of Seoul's representative temples. Also, visit Gyeongbok Palace together, which is connected with Confucianism.

The second tour, A Temple Stay must be a new experience for foreign tourists which can live in Buddhist temple and learn about Korean Buddhist culture by direct. By experiencing the spiritual training such as meditation and Buddhist rites, all visitors can achieve the peace of mind which is needed in the modern society. Unlike other temples, Myogaksa is located in the center of downtown Seoul; you can save more time than going to the deep in the mountain. They provide opportunities to experience various aspects of the 1700 years old Korean Buddhist culture and to share the Korean history through interesting stories told by monks.
